The vineyard is unique because it's closer to the Pacific Ocean than any other vineyard in San Luis Obispo County, not to mention the Golden State itself. Perched on the slopes of Price Canyon, a mere one-and-a-half miles from the ocean, the vineyard is ideally situated so it can be enrobed by the cool marine layer that rolls in reliably each morning from the ocean before the mid-day sun gradually melts it away. A complex mix of sandstone, shale and limestone at the base, with soils reflective of these same sedimentary rocks. The vineyard is also Sustainable In Practice (SIP) Certified.

Dried cranberries, strawberries, toasted spices, candied orange, and loamy earth define the 2020 Pinot Noir Spanish Springs Vineyard, which comes from the Arroyo Grande Valley. It's medium-bodied, nicely textured, and fruit-forward, yet has a good sense of tension and focus.
